

"MAN, THREEFOLD NATURE"

By Dr. Hoyt W. Allen, Jr.

"SPIRIT" (GREEK, PNEUMA) - The life principle in man. It is the divine breath that gives life. It is the "inward man" (II Cor. 4:16), that thinks, feels, wills, decides, and lives.

"SOUL" (GREEK, PSUCHE) - Our personal identity. It includes all those things that make us a particular person; our life, our mind, our habits, our emotions, our whole self.

"BODY" (GREEK, SOMA) - The fleshly, material part of our being, to which life is given by the spirit, and which with the spirit becomes a living soul (you)!

Mankind is comprised of three main parts, which are listed above. One is going to live for eternity in either heaven or hell. God (the Creator) is never wrong and has provided a plan of salvation for sinners. This is revealed in the Book of Acts: 1) Believe In Jesus As Savior (16:31) 2) Repent Of Sins (17:30) 3) Confess Christ Audibly (8:37) 4) Be Baptized In Water (2:38) 5) Live A Christian Life (14:22)
