

"CARDIOLOGIST & A MECHANIC"

By Dr. Hoyt W. Allen, Jr.

A mechanic was removing a cylinder head from the motor of a Harley motorcycle when he spotted a well known cardiologist in his shop.

The cardiologist was there waiting for the service manager to come take a look at his bike when the mechanic shouted across the garage, "Hey Doc, want to take a look at this?"

The cardiologist, a bit surprised, walked over to where the mechanic was working on the motorcycle.

The mechanic straightened up, wiped his hands on a rag and asked, "So Doc, look at this engine. I open its heart, take the valves out, repair any damage, and then put them back in, and when I finish, it works just like new. So how come I make \$39,675 a year and you get the really big bucks (\$1,695,759) when you and I are doing basically the same work?"

The cardiologist paused, smiled and leaned over, then whispered to the mechanic. "Try doing it with the engine running!"

May we appreciate all of those who have schooled and trained for years, seeking to get knowledge and develop the skills needed to help us with our health problems.

Plainly, don't get short changed. Let's be ready to meet our Maker. The Bible (in Acts) teaches that to avoid hell and gain heaven - one must:

- 1) Believe In Jesus As Savior (16:31)
- 2) Repent Of Sins (17:30)
- 3) Confess Christ Audibly (8:37)
- 4) Be Baptized In Water (2:38)
- 5) Live A Christian Life (14:22)
- 6) Be Active In the Church (2:47)
