

“THE BIBLE, DO WE DARE TO DOUBT?”

By Dr. Hoyt W. Allen, Jr.

Dr. Robert Dick Wilson - a Hebrew professor at Princeton Seminary, was a world-renown scholar. He knew and spoke over forty-five different languages and dialects.

Dr. Wilson said, “No man knows enough to disprove the inspiration, accuracy, and authority of the Bible.”

He also said, “Those things which I do not understand in the Bible, I put down to my own ignorance.”

A man once said to Dr. Wilson, “How can you hold the position that the Bible records are absolutely dependable and true? They are not in keeping with what I conceive to be scholarship?”

Dr. Wilson then asked him the following questions: “Do you read Hebrew, Greek, and Sanskrit? Have you read the original manuscripts? Do you speak French, German, or Persian? Do you know astronomy? Are you a chemist or a physicist?”

The man replied negatively to each of these questions.

Dr. Wilson then said, “Well, I can answer these questions in the affirmative as I profess to be somewhat scholarly. On the basis of my scholarship I put my affirmation that the records of the Bible can be relied upon.”

On what basis of scholarship do you put your doubt of the Bible records?”

The man turned and left the room silently. - David Lusk
