

I. POST-MILLENNIAL IDEA OF THE “KINGDOM”

“Post-millennial” means that the Second Coming of Christ is after (post) the millennium.

An explanation of the chart's chief ideas: The time covered by the diagram is from the death of Christ (cross) until the second coming. The kingdom (called the Millennium on the chart), according to post-millennialists, is gradually to come into being (to be ushered in as man becomes better and better), and then following the 1000 years of the golden age of the kingdom, Christ will return, and eternity (in Heaven or Hell) will begin.
